

### **Solar STL-40 W LED Light**

#### **Specifications:**

- |                             |                            |
|-----------------------------|----------------------------|
| ➤ Solar Panel:              | 18 V 80 W Monocrystalline  |
| ➤ Light Source:             | LED Chip Panels            |
| ➤ Luminous Flux:            | 4 800 lm                   |
| ➤ Total energy consumption: | 40W                        |
| ➤ CRI:                      | > 70                       |
| ➤ Battery:                  | Lithium Ion Phosphate(LFP) |
| ➤ Battery Rating:           | 30 Amp Hour                |
| ➤ Rated Voltage:            | 12 VDC                     |
| ➤ Charge time:              | 6 – 10 Hours               |
| ➤ Working time:             | 8 – 10 Hours               |
| ➤ Light Colour:             | Pure White(5300~5800K)     |
| ➤ Mounting Height:          | 6-7m                       |
| ➤ Body Size:                | 1180 x 390 x 210 mm        |
| ➤ Net Weight:               | 17.8 kg                    |
| ➤ Base:                     | 60 mm Direct connect       |
| ➤ Material :                | Aluminium Alloy            |

**TX-5LBS ANTI-THEFT ALERT SYSTEM  
(LBS+GSM+SMS/GPRS)**

**Benefits:**

- 100% retro fit. Environmentally better than competitors
- Energy saving 100 %
- Warranty time : 1-Year
